## WHAT DO THE NEW REGULATIONS MEAN FOR YOUR BUSINESS?

From 1st January 2015 the waste regulations in England, Wales and Northern Ireland are changing. This will have an impact on the way you segregate and dispose of your waste.

*It affects all businesses*

If you currently only have a general waste service you may need to make changes to ensure that you meet the new waste regulations. Regardless of the size of your business, if you produce paper (including cardboard), glass, plastic or metal waste, the regulations require you to handle your waste in line with The Waste Hierarchy.
